## GOAL 2017 video: Neil Manchester, Hendrix Genetics

Monday, 27 November 2017

By Global Aquaculture Advocate

**Breeding is 'the single-most powerful tool impacting people,  
animals, planet and profits'**

GOAL 2017: Neil Manchester - Hendrix Genetics

At the Global Aquaculture Alliance's annual **GOAL** (<https://www.aquaculturealliance.org/goal/>), conference, held last month in Dublin, Ireland, we introduced a series of PechaKucha presentations about the future of aquaculture (6 minutes and 40 seconds each). We'll feature all seven presentations here on the *Advocate*, starting with Neil Manchester's rapid-fire view of how genetics are improving breeding techniques for aquaculture.
